Raffle Prize Question

1) A1 is fouled by B1, which is team B's 9th team foul. As a result A1 is awarded a one-and-one. B2 is in a marked lane space. After free thrower A1 releases the ball on the first free throw, B2 enters the free-throw semicircle before the ball strikes the ring, contacting A1, whose free-throw attempt is unsuccessful. The contact by B2 was severe enough that the officials rule a foul on B2. How should this play be administered?

2) A1 has been disqualified from the game for committing his/her 5th foul. What is the sequence of steps taken by the official?

What is the consequence for a coach not replacing or removing a disqualified (or injured) player within the allotted time?
