Raffle Prize Questions

- 1) A1 attempts to catch the ball while running rapidly. A1 muffs the ball, but succeeds in securing it before it strikes the floor. A1 then begins a dribble, taking several steps between the time the ball was first touched until it was caught. Is this legal? Why or why not?

- 2) Airborne A1 and A2 jointly grab the rebound and each lands simultaneously on both feet. A1 and A2 each move one foot in attempting to wrestle the ball from each other before realizing they are teammates. A1 lets go and A2 dribbles away. Is this legal? Why or why not?
